

**Westchester Tobacco Asset
Securitization Corporation**

(A Blended Component Unit of the
County of Westchester, New York)

Financial Statements

Years Ended December 31, 2019 and 2018

Independent Auditors' Report

The Board of Directors of the Westchester Tobacco Asset Securitization Corporation

Report on the Financial Statements

We have audited the accompanying financial statements of the Westchester Tobacco Asset Securitization Corporation ("WTASC"), a blended component unit of the County of Westchester, New York, as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the WTASC's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the WTASC's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the WTASC as of December 31, 2019 and 2018, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matters

We draw attention to Note 1 in the notes to financial statements that indicates that these financial statements present only the WTASC and do not purport to, and do not present fairly the financial position of the County of Westchester, New York as of December 31, 2019 and 2018 and the changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

We further draw attention to Note 5 in the notes to financial statements which discusses that the only significant resource of the WTASC is the right to receive tobacco revenues. A reduction in these revenues would affect debt service coverage on the bonds. If the reduction were material, it could impair the ability of the WTASC to make Turbo Redemption payments or even its ability to pay required bond structuring amounts as they are due. As a result, actual payments may not conform to either the Turbo Redemption maturities or the required bond structuring amounts. Our opinion is not modified with respect to this matter.

As discussed in Note 5 in the notes to financial statements, on March 11, 2020, the World Health Organization declared a global pandemic as a result of the spread of COVID-19 ("Coronavirus"). Our opinion is not modified with respect to this matter

Other Matters*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2020 on our consideration of the WTASC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the WTASC's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the WTASC's internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A)
December 31, 2019

Introduction

As management of the Westchester Tobacco Asset Securitization Corporation ("WTASC"), we offer readers of the WTASC's financial statements this narrative overview and analysis of the financial activities of the WTASC for the fiscal year ended December 31, 2019. It should be read in conjunction with the financial statements, which immediately follow this section, to enhance understanding of the WTASC's financial performance.

Financial Highlights

- ❖ On the statement of net position, the liabilities of the WTASC exceeded its assets and deferred outflows of resources at the close of the most recent fiscal year, resulting in a deficit of \$148,268,300. The deficit was decreased by \$3,679,083 due to \$13,613,831 recognized for Tobacco Settlement Revenues ("TSR's") less operating expenses of \$154,991, non-operating net interest expense of \$7,894,241 and TSR's residual payment to Westchester County of \$1,885,516.
- ❖ The Governmental Accounting Standards Board ("GASB") issued Technical Bulletin 2004-1, "*Tobacco Settlement Recognition and Financial Reporting Entity Issues*", as amended and/or superseded by GASB Statement No. 48, "*Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues*", which clarified certain asset and revenue recognition criteria. Prior to the issuance of this guidance, the WTASC had recognized as a receivable/revenue the present value of the future tobacco revenue stream. The new guidance required a reversal of this position, in that it promulgated that TSR's and the related asset only be recognized when the event giving rise to recognition (i.e. the shipment of cigarettes) occurs. Because annual TSR payments are based on cigarette sales from the preceding calendar year, the WTASC was prohibited from recognizing this future revenue stream as a receivable. Accordingly, the only revenue recognition allowed was for TSR payments to be received in the immediately succeeding fiscal year, as these payments were based on cigarette shipments in the year under audit. This had the effect of deferring revenue recognition, which results in the deficit position reflected on the statement of net position. Over time, as TSR payments are received and the bonded indebtedness is retired, the deficit will be reduced.

Financial Statements

The *statement of net position* presents information on the WTASC's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as *net position*. The *statement of revenues, expenses and changes in net position* presents information showing how the WTASC's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (for example, accounts receivable, amounts due to County of Westchester and accrued interest payable).

The notes to financial statements provide additional information that is essential to a full understanding of the data provided in the statement of net position and the statement of revenues, expenses and changes in net position. The notes to financial statements are located beginning on page 8 of this report.

Financial Analysis

Net position increased by \$3,679,083 in 2019, compared with an increase of \$2,105,294 in 2018, an increase of \$1,573,789. This increase from the prior year is due to an increase in TSR's of \$1,746,783 and a decrease in net interest expense of \$69,935, partially offset by increased operating expenses of \$999 and residual payment to Westchester County of \$241,930.

Debt Administration

At the end of the 2018 fiscal year, the WTASC had total net bonded debt outstanding of \$180,142,085 for the Series 2016 bonds comprised of \$176,185,000 bonded debt and original issue net premium of \$3,957,085. A structured 2016 Series bond payment of \$2,100,000 was made in 2018 as well as a Turbo payment of \$495,000. At the end of 2019 fiscal year, the WTASC had total net bonded debt outstanding of \$177,846,607 for the Series 2016 bonds comprised of \$174,100,000 bonded debt and original issue net premium of \$3,746,607. A structured Series 2016 bond payment of \$1,975,000 was made in 2019 as well as a Turbo payment of \$110,000.

Additional information on the WTASC's long-term debt can be found in Note 3 in the notes to financial statements and also the Official Statement of the Series 2016 bond offering which can be found on EMMA's (Electronic Municipal Market Access) website at <http://emma.msrb.org/ER1002584-ER784532-ER1185718.pdf>.

Economic Factors

The bonds are payable only from the assets of the WTASC. WTASC's only source of funds for payments on the bonds is the collections of TSR's and amounts on deposit in pledged accounts (i.e. liquidity and debt service reserves and Turbo Redemption accounts) pursuant to the indenture. If a participating manufacturer becomes a debtor in a bankruptcy case and defaults in making payments or cigarette consumption declines, funds available to WTASC to pay bondholders may be reduced or eliminated. For further detailed description of economic factors, also see the Official Statement of the 2016 Series Bonds Bond offering which can be found on EMMA's website at <http://emma.msrb.org/ER1002584-ER784532-ER1185718.pdf>.

Requests for Information

This financial report is designed to provide a general overview of the WTASC's finances for all those with an interest in those finances. Questions and comments concerning any of the information provided in this report should be addressed to Commissioner of Finance, County of Westchester, 148 Martine Avenue, White Plains, New York 10601.

Notes to Financial Statements
 December 31, 2019 and 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business

The Westchester Tobacco Asset Securitization Corporation ("WTASC") is a special purpose corporation and a subsidiary corporation of the Westchester County Health Care Corporation ("WCHCC"). WTASC was organized under the provisions of Section 1411 of the New York State Not-For-Profit Corporation Law and pursuant to the Public Authorities Law of the State of New York. The Board of Directors of WTASC consists of three members; one director designated by WCHCC to be the Commissioner of Finance of the County of Westchester, New York ("County"), one director designated by WCHCC to be the WCHCC board representative, selected by the Majority Leader of the County Board of Legislators and a third director who meets certain requirements of independence and shall be designated by the other two members.

An agreement among the attorneys general of 46 states and various territories ("Settling States") and the four largest United States tobacco manufacturers was entered into on November 23, 1998. The agreement, known as the Master Settlement Agreement ("MSA"), resolved cigarette smoking-related litigation between the Settling States and U.S. Tobacco manufacturers. Pursuant to the MSA, the Settling States and the participating manufacturers agreed to settle all past, present and future smoking related claims in exchange for an agreement by the participating manufacturers to make certain payments. Under the MSA, the State of New York is entitled to receive approximately 12.76% of the initial and annual payments. The New York Consent Decree, which was entered into in the Supreme Court of the State of New York for the County of New York in December 1998, allocated 1.926% of this State-wide share of the initial and annual payments to the County and the remainder among the State, the City of New York and all other counties within the State.

During 1999, the County sold all of its future rights, title and interest to receive payments under the MSA and the Consent Decree to WTASC, which issued \$103,504,558 in Tobacco Settlement Asset-Backed Bonds, Series 1999 ("Series 1999").

During 2005, WTASC issued \$216,600,000 of Tobacco Settlement Asset-Backed Bonds Series 2005 ("Series 2005"), the proceeds of which were used to 1) refund the outstanding Series 1999 bonds, 2) fund the Liquidity Reserve Account at its required level, 3) pay certain costs of issuance related to the Series 2005 bonds and 4) provide the County with funds for working capital purposes.

During 2016, WTASC issued \$180,990,000 of Tobacco Settlement Asset-Backed Bonds Series 2016 ("Series 2016") composed of Senior Bonds (federally taxable) of \$7,165,000, Senior Bonds of \$91,300,000 and Subordinate Bonds of \$82,525,000, the proceeds of which were used to 1) refund the outstanding Series 2005 bonds, 2) pay certain costs of issuance related to the Series 2016 bonds and 3) distribute to the Residual Certificate Holder the remaining proceeds. The Series 2016 bonds are payable from and secured solely from the pledged Tobacco Settlement Revenues ("TSR's"), which consists of the annual total TSR payments, less the portion thereof that constitutes unencumbered revenues and operating cash requirements, plus investment earnings. Unencumbered revenues consist of 13.85% of each payment of TSR's. The County, as owner of the beneficial interest in the Residual Trust which holds the Residual Certificate, will be entitled to receive these unencumbered revenues free and clear of the lien of the indenture. Bondholders will have no claim on the unencumbered revenues if pledged revenues are insufficient to pay principal and/or interest on the Series 2016 bonds. The debt issued by WTASC to securitize these revenues is not considered debt of the County or the WCHCC.

Westchester Tobacco Asset Securitization Corporation

(A Blended Component Unit of the County of Westchester, New York)

Notes to Financial Statements (Continued)

December 31, 2019 and 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies (Continued)

Entity Definition

Based on the guidance provided by Governmental Accounting Standards Board (“GASB”) Technical Bulletin No. 2004-1, *“Tobacco Settlement Recognition and Financial Reporting Entity Issues”*, as amended and/or superseded by GASB Statement No. 48, *“Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues”*, the WTASC is reported as a blended component unit of the County in its financial statements.

Basis of Presentation

A fund is an independent fiscal and accounting entity with a self-balancing set of accounts which comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues and expenses. The accounts of the WTASC are maintained on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The accompanying financial statements present only the activities of the WTASC and do not purport to, and do not, present fairly the financial position of the County or the WCHCC as of December 31, 2019 and 2018 and the changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Cash and Equivalents and Risk Disclosure

Cash and Equivalents - Cash and equivalents consist of demand deposit accounts, time deposit accounts and short-term investments with original maturities of less than three months from the date of acquisition.

Risk Disclosure

Interest Rate Risk - Interest rate risk is the risk that the government will incur losses in fair value caused by changing interest rates. The WTASC investment policy does not have a policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changing interest rates. Other than as described below, the WTASC does not invest in any long-term investment obligations.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the WTASC’s deposits may not be returned to it. GASB Statement No. 40, *“Deposit and Investment Risk Disclosures – an amendment of GASB Statement No. 3”*, directs that deposits be disclosed as exposed to custodial credit risk if they are not covered by depository insurance and the deposits are either uncollateralized, collateralized by securities held by the pledging financial institution or collateralized by securities held by the pledging financial institution’s trust department but not in the WTASC’s name. The WTASC’s aggregate bank balances that were not covered by depository insurance were not exposed to custodial credit risk at December 31, 2019.

Credit Risk - Credit risk is the risk that an issuer or other counterparty will not fulfill its specific obligation even without the entity’s complete failure. The WTASC does not have a formal credit

Westchester Tobacco Asset Securitization Corporation
 (A Blended Component Unit of the County of Westchester, New York)

Notes to Financial Statements (Continued)
 December 31, 2019 and 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies (Continued)

risk policy other than restrictions to obligations allowable under General Municipal Law of the State of New York.

Concentration of Credit Risk - Concentration of credit risk is the risk attributed to the magnitude of a government's investments in a single issuer. The WTASC's investment policy limits the amount on deposit at each of its banking institutions.

At December 31, 2019, the WTASC did not have any investments subject to credit risk, interest-rate risk or concentration of credit risk.

Restricted Cash and Equivalents and Investments

The terms of the bond indenture provide for the establishment of a liquidity reserve. The reserve was initially funded from the proceeds of the issuance of the Series 2005 bonds in an amount equal to \$14,133,625, the maximum annual debt service requirement based on planned structured principal payments. As part of the 2016 bond indenture, this same liquidity reserve was utilized and separated into two parts; \$7,645,488 for the "Senior Liquidity Reserve Account" and \$6,488,137 for the "Subordinate Liquidity Reserve Account".

Restricted cash and equivalents consists of funds held in the Debt Service, Liquidity Reserve and Bond Proceeds accounts whose use is restricted to the payment of debt obligations on the WTASC bonds.

Restricted investments at December 31, 2019 and 2018 consisted of the following -

Security Benefit Life Insurance Company fixed annuity due April 2045, interest at 4.1%	<u>\$ 14,133,625</u>
--	----------------------

Deferred Outflows/ Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

As of December 31, 2019 and 2018, the WTASC reported deferred outflows of resources of \$4,208,595 and \$4,342,554, respectively. These amounts result from the difference in the carrying value of the refunded debt and its reacquisition price. The 2016 bonds' loss on refunding the 2005 bonds was deferred and is being amortized over the life of the refunded debt. (See Note 3).

Tax Status

The WTASC is exempt from Federal income tax under Section 501(a) of the Internal Revenue Code and is a 501(c) (3) organization.

Westchester Tobacco Asset Securitization Corporation
 (A Blended Component Unit of the County of Westchester, New York)

Notes to Financial Statements (Continued)
 December 31, 2019 and 2018

Note 1 - Nature of Business and Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosures of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is June 5, 2020.

Note 2 - Bonds Payable

During 2016, the WTASC issued \$180,990,000 of Series 2016 bonds with interest rates ranging from 2.125% to 5.125%, depending on maturity. The proceeds were partially used to advance refund \$175,750,000 of outstanding Series 2005 bonds which bore interest rates ranging from 5.00% to 5.125%, depending on maturity. The net proceeds of \$176,977,345 (inclusive of a \$4,378,041 issuance premium and the receipt of \$315,679 of remaining available funds from the 2005 issue and after payment of \$907,220 in underwriting fees, \$693,160 in other issuance costs, and \$7,105,995 transferred to County as the holder of the residual certificate), were used to purchase securities that were deposited in an irrevocable trust with an escrow agent to redeem the Series 2005 bonds on January 23, 2017 inclusive of accrued interest. As a result, the Series 2005 bonds are defeased and the liability for those bonds had been removed from the Statement of Net Position.

The reacquisition price exceeded the net carrying amount of the 2005 series bonds by \$4,610,472 which is being amortized for as a deferred outflow of resources. The original issue premium was \$4,378,041 and the amortized amount is being netted with the bonds payable. These amounts are being amortized over the remaining life of the refunded debt.

WTASC issued bonds on December 22, 2016 as follows:

\$7,165,000 of Senior Bonds (federally taxable) due June 1, 2020 with interest ranging from 2.125% to 3.625% and an initial projected redemption date of June 1, 2020.* Balance due at December 31, 2019 is \$1,000,000.

\$91,300,000 of Senior Bonds due June 1, 2041 with interest primarily at 5.0% and a projected final redemption date of June 1, 2041.* Balance due at December 31, 2019 is \$91,300,000.

\$82,525,000 of Subordinate Bonds due June 1, 2051 with interest ranging from 4.00% to 5.125% and a projected final Turbo Redemption date of June 1, 2034.* Balance due at December 31, 2019 is \$81,800,000.

*Assumes Redemption payments are made based on the receipt of surplus pledged TSR's in accordance with the 2016 Indenture IHS Global Base Case Forecast of future tobacco consumption.

Note 3 - Significant Contingencies

Contingencies

The enforceability of the rights and remedies of the State (and thus the bondholders) and of the obligations of a participating manufacturer under the MSA are subject to the Bankruptcy Code and the other applicable insolvency, moratorium or similar laws relating to or affecting the enforcement of creditors' rights. Some of the risks include risks of delay in or reduction of amounts of payment or of non-payment under the MSA and the risk that the State (and thus the County and/or WTASC) may be stayed for an extended time from enforcing any rights under the MSA and the Consent Decree or with respect to the payments owed by the bankrupt participating manufacturer or from commencing legal proceedings against the bankrupt participating manufacturer. As a result, if a participating manufacturer becomes a debtor in a bankruptcy case and defaults in making payment, funds available to WTASC to pay bondholders may be reduced or eliminated.

The bonds are payable only from the assets of WTASC. The bonds are neither legal nor moral obligations of WCHCC, the County or the State of New York, and no recourse may be had thereto for payment of amounts owing on the bonds. WTASC's only source of funds for payments on the bonds is the collections and amounts on deposit in pledged accounts pursuant to the indenture. WTASC has no taxing power and no significant assets other than the rights to receive tobacco settlement revenues and amounts on deposit in pledged accounts amounting to \$14,133,625.

Westchester Tobacco Asset Securitization Corporation

(A Blended Component Unit of the County of Westchester, New York)

Notes to Financial Statements (Concluded)
December 31, 2019 and 2018

Note 4 - Subsequent Event

Subsequent to year end, the COVID-19 (coronavirus) pandemic has resulted in substantial economic volatility on a global scale. As a result, the WTASC's revenue (from a potential decline in cigarette sales) might be negatively impacted. Given the uncertainty around the extent and timing of the potential future spread or mitigation of the coronavirus and around the imposition or relaxation of protective measures, management cannot reasonably estimate the actual impact on the WTASC's financial position at this time.

**Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in Accordance
With Government Auditing Standards**

Independent Auditors' Report

**The Board of Directors of the
Westchester Tobacco Asset Securitization Corporation**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Westchester Tobacco Asset Securitization Corporation, New York ("WTASC") as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements and have issued our report thereon dated June 5, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the WTASC's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the WTASC's internal control. Accordingly, we do not express an opinion on the effectiveness of the WTASC's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the WTASC's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the WTASC's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the WTASC's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the WTASC's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
